

CARPET TECHNOLOGIES

A selection of carpets that can be woven with the ALPHA 500 XHDC.
For the complete weave structure catalogue, please contact our sales team.

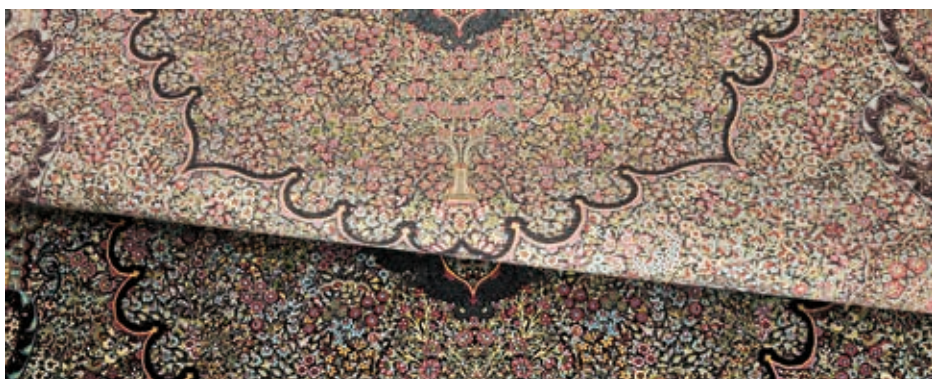

Diamond

Three-turn weave structure for high density and perfect contours; colour borders are clearly delineated (without mixed contours).

Traditional Carpet Effect 2/3

Appears handmade, with very high density. Perfect contours at colour transitions (no mixed contours). Knots visible on the back only.

Traditional Carpet Effect 3/3

Appears handmade. Solid ground weave for high weave density. Possible only in combination with the Multi Weft Selector 3+3.
